ERIC HOWES

Construction Site Manager | Field Operations, Quality & Safety | PMP

Orem, UT | (801) 367-6743 | howesfamilyhomes@gmail.com | linkedin.com/in/eric-howes-utah

PROFESSIONAL SUMMARY

Construction and field operations leader who started on job sites as a concrete foreman and industrial fabrication worker and now runs projects from start to finish. As project manager for a Lehi home builder, Eric ran jobs across Utah and Salt Lake counties and put construction SOPs, inventory tracking, equipment maintenance, fleet management, and quality and safety controls in place. Earlier he scheduled crews and coordinated up to ten contractors on remodeling jobs, and as an ION Solar area manager he tracked solar projects through install, inspection, utility requirements, and permission to operate. A PMP and Certified Scrum Product Owner, he keeps schedules, documentation, and progress reporting clean for the people he reports to, and is available for a 12 to 24 month site commitment.

CORE SKILLS

Daily site operations | Trade and contractor coordination | Scheduling and work sequencing | Quality and safety controls | Inspection and utility coordination | Construction SOPs | Equipment maintenance and fleet management | Progress tracking and reporting | Reading plans | Field issue resolution

PROFESSIONAL EXPERIENCE

Project Manager (Independent Contractor) | **H and H Homes** June 2025 – June 2026

Lehi, UT (projects across Utah and Salt Lake counties)

Ran residential construction jobs from start to finish for the owner and built the operating processes behind them.

- Put construction management SOPs in place for how jobs were run in the field.
- Managed commissioned jobs from start to finish.
- Added inventory tracking and an equipment maintenance program.
- Managed the vehicle fleet.
- Set up quality and safety controls on job sites.

Junior Project Manager | **K-Designers** Jan 2020 – June 2021

West Valley City, UT

- Managed remodeling jobs from sales handoff to completion, scheduling rotating crews of one to six workers and coordinating up to ten contractors.
- Ordered job materials to match project schedules and kept the warehouse and inventory ready for upcoming work.

Area Manager, Post-Sale Operations | **ION Solar** June 2021 – Dec 2021

Las Vegas and Arizona markets (based in Orem, UT)

Moved residential solar projects from signed sale through installation, inspections, utility requirements, and permission to operate.

- Contributed to a 57% increase in PTO processing rate.
- Improved project tracking so status was visible to every department involved.
- Found bottlenecks between departments and coordinated the teams needed to clear them.

Product Owner (promoted from Project Manager) | **Lion Energy** May 2024 – June 2025

American Fork, UT

Coordinated portable energy products, quality, and returns across engineering, the warehouse, and manufacturing partners in China and Vietnam.

- Moved the PPG2500 portable power station into production, coordinating electrical, mechanical, firmware, and manufacturing stakeholders.
- Coordinated FCC, UL, and packaging drop test certification activities.

- Cut root cause investigation time on field returns from months to about one week and improved the return-to-resolution workflow about 50%.
- Reduced yearly RMAs by 10%, contributing to an estimated $100,000 in first-year savings.
- Wrote a department handbook covering project management, QA, rollback, and launch procedures.

Inside Sales Representative | **Vivint Smart Home** June 2026 – Present
Provo, UT

- Keeps sales-to-install completion above 90% and leads a 70% attachment rate on Vivint's Smart Comfort energy-management program.

Product Owner (promoted from Project Manager) | **Aptive Environmental** Dec 2021 – May 2024
Provo, UT

- Coordinated a major data and technology migration covering planning, dependencies, testing, and cutover, contributing to an estimated $3 million or more in annual recurring savings.
- Coordinated about 12 developers, including overseas contributors, for software used by more than 2,000 seasonal reps.

Analytics Manager (four progressive roles) | **Vivint Smart Home** Jan 2011 – Jan 2019
Provo, UT

- Helped grow an installation-support department from more than 20 reps to more than 50, monitoring roughly 300 to 1,000 installation accounts a day.
- Built risk scoring to flag installations likely to cancel or stall, supporting a reported 34% relative improvement in sales-to-install conversion.

EARLIER EXPERIENCE

- Concrete Foreman and Ground Workforce Supervisor, Paramount Homes (2004–2006): supervised ground crews and concrete operations, read plans, and operated trucks, cranes, and forklifts.
- Fabrication Worker, AA Machine and Welding (2007–2009): industrial fabrication, including boiler pipe rolling, under shop safety practices.
- Lead Home Manager, Lindon Care and Training (2009–2011): staff scheduling, training, safety drills, and incident reporting. Flooring Installer, McKinnon Hardwood Floors (2002–2004).

EDUCATION & CERTIFICATIONS

Bachelor of Business Administration (Business Management), Utah Valley University
Project Management Professional (PMP), Project Management Institute, 2021
Certified Scrum Product Owner (CSPO), 2023
