# ERIC HOWES

**Operations Leader | Warehouse, Quality & Fulfillment | PMP**

Orem, UT | (801) 367-6743 | howesfamilyhomes@gmail.com | linkedin.com/in/eric-howes-utah

## PROFESSIONAL SUMMARY

Operations leader who has run warehouse returns, quality, inventory, and overseas manufacturing for a consumer products company, and built the SOPs and metrics that make that work repeatable. At Lion Energy, Eric cut return-to-resolution time about 50% across roughly 10,000 partner returns a year, brought root cause investigations down from months to about a week, and contributed to an estimated $100,000 in first-year savings on processing, storage, and labor. He has grown teams, trained reps and partners, owned a team budget, and helped products move from prototype into production. A PMP and Certified Scrum Product Owner with eight years in Vivint's sales organization, he wants to help a growing consumer brand scale its operations without losing the quality customers buy it for.

## CORE SKILLS

Warehouse, returns, and fulfillment operations | Quality control and root cause analysis | Inventory tracking | SOPs and process improvement | Cost control and team budgets | Recruiting, training, and developing teams | Overseas manufacturing partners | New product launches | KPI dashboards | Google Workspace, Jira, Confluence

## PROFESSIONAL EXPERIENCE

**Product Owner (promoted from Project Manager)** | **Lion Energy** May 2024 – June 2025

American Fork, UT

*Worked across the warehouse, QA, engineering, and manufacturing partners in China and Vietnam for a consumer portable power and solar products company, from product development through returns.*

- Improved the return-to-resolution workflow by about 50% in a partner-return operation handling roughly 10,000 returns a year.
- Reduced yearly RMAs by 10%, and helped reduce partner product returns by 15% over several months.
- Cut root cause investigation time from months to about one week.
- Contributed to an estimated $100,000 in first-year savings on return processing, storage, and labor.
- Wrote clearer receiving, inspection, and documentation procedures for returned products and improved barcode-based return tracking.
- Got warehouse staff, engineering, QA, and manufacturing suppliers working from the same defect data, and coordinated corrective action on recurring hinge, wiring, and frame defects.
- Moved the PPG2500 portable power station into production and took the Peak line and Safari cart through prototype, balancing cost, weight, packaging, and manufacturing constraints.
- Coordinated packaging drop-test, FCC, and UL certification activities.
- Introduced Agile and Scrum and wrote a technology department handbook covering project management, QA, rollback, and launch procedures.

**Project Manager (Independent Contractor)** | **H and H Homes** June 2025 – June 2026

Lehi, UT

*Ran residential construction jobs from start to finish across Utah and Salt Lake counties and built the operating systems behind them.*

- Put construction management SOPs in place.
- Added inventory tracking and an equipment maintenance program.
- Managed the vehicle fleet.
- Set up quality and safety controls on job sites.

**Inside Sales Representative** | **Vivint Smart Home** June 2026 – Present
Provo, UT
*Sells smart-home and energy-management systems in Vivint's national inside sales group.*

- Converts 30% of outbound leads and keeps sales-to-install completion above 90%.
- Leads a 70% attachment rate on Vivint's Smart Comfort energy-management program.

**Product Owner (promoted from Project Manager)** | **Aptive Environmental** Dec 2021 – May 2024
Provo, UT
*Owned operational software and technology projects for a national services company, working with operations, finance, sales, legal, and executive leadership.*

- Coordinated a major data and technology migration that contributed to an estimated $3 million or more in annual recurring savings by reducing vendor dependence.
- Contributed to estimated annual savings of about $250,000 on rent overpayments and $375,000 on vacancy and placement management.
- Product Owner for software used by more than 2,000 seasonal reps; coordinated about 12 developers, including overseas contributors.
- Contributed to a reported 29% relative drop in onboarding dropout from a baseline of about 25%.

**Area Manager, Post-Sale Operations** | **ION Solar** June 2021 – Dec 2021
Las Vegas and Arizona markets (based in Orem, UT)

- Contributed to a 57% increase in PTO processing rate by improving project tracking and clearing bottlenecks between departments.

**Junior Project Manager** | **K-Designers** Jan 2020 – June 2021
West Valley City, UT

- Kept the warehouse and inventory organized and ordered job materials to match project schedules.
- Scheduled rotating crews and coordinated up to ten contractors on remodeling jobs from handoff to completion.

**Analytics Manager (four progressive roles)** | **Vivint Smart Home** Jan 2011 – Jan 2019
Provo, UT
*Moved from inside sales to account manager, analytics manager, and enterprise partner sales and training over eight years.*

- Helped build an installation-support department from more than 20 reps to more than 50.
- Coordinated a four-person analytics team that built sales and installation dashboards and commission tracking tools, supporting a reported 34% relative improvement in sales-to-install conversion.
- Designed and delivered training for hundreds of independent sales partners, contributing to more than $1 million in new annual revenue.

## EARLIER EXPERIENCE

- Lead Home Manager, Lindon Care and Training (2009–2011): ran daily operations of a residential care facility, including staffing, schedules, training, safety procedures, and incident documentation.
- Fabrication Worker, AA Machine and Welding (2007–2009): industrial fabrication and shop-floor production. Concrete Foreman, Paramount Homes (2004–2006): supervised ground crews and equipment.

## EDUCATION & CERTIFICATIONS

Bachelor of Business Administration (Business Management), Utah Valley University
Project Management Professional (PMP), Project Management Institute, 2021
Certified Scrum Product Owner (CSPO), 2023
